

School Life Pictures is photographic partnership based in Welwyn Garden City Hertfordshire specialising in school photography.

Our Privacy Promise

We promise:

- To keep data safe and private
- Not to sell data
- Not to share data with third parties

Collecting personal information

In order to carry out photographic contracts in schools we need the following, and only the following data, about each student:

Name of School

Full name of student

Class/Form/Tutor Group

School Admission number

We also need the name and job title of staff in order to produce Staff Galleries.

Using the data

We use the data to enable us to provide the school with an electronic image of each student where the JPEG reference is the student's School Admission number. This is to enable the school up upload in bulk student images to the school's student management system.

We use third party printers (Data Processors) to prints school galleries which contain the names of members of staff but the printing of student images does not include the name of the students.

Keeping data secure

The data we receive from schools is held securely.

We keep that data until the student leaves the school or our contract is terminated then the data is deleted.

Privacy rights

You can write to us at any time asking if we hold data and photographic images of a student. The only data we ever receive from a school is stated above.

When we photography Presentation Events in schools or clubs we collect data from parents on a form which is returned to the parent with the photograph. We do not retain any data.

Photographs on our website are password protected. We know only the name of the school and image reference number. We hold no other data about individuals photographed at Presentation Events.
